- The claim form must be signed by an authorized signatory and state the capacity (job title) of the signatory.

- You may reference the term "Various Accts" for the beneficial owner name if you are filing on behalf of multiple accounts or clients.

Additional Documentation (if requested) - Data Integrity Audit

GCG may request random entities, as deemed appropriate by GCG, who file claims electronically to provide documentation to support certain transactions and/or holdings in specific claims. This data integrity audit is designed to verify the overall integrity of a data file. Accordingly, the documentation provided must be independent in nature and sufficient to verify the validity and accuracy of the entire data file.

Even if you provided a letter/affidavit attesting to the truth and accuracy of your data when initially submitting your file electronically, we will **require** specific documentary evidence (trade confirmations, monthly statement, or equivalent) to independently verify the details of the transactions and/or holdings requested, if your file is selected for a data integrity audit.
